My morning starts to shine with teardrops in my eyes
And here I am alone starting to realize
That my days would be brighter
If I could learn to hide
The feelings that I have for you
Keep hurting me inside

Then my day begins with simple thoughts of you Hoping that tomorrow will be me and you Sharing dreams with each other And making them come true Holding one another Saying "All I need is you"

But will you say that you love me
And show me that you care
Say when I need you
You will always be there
But if you go and leave me
This I swear is true
My love will always be with you

Now my nights would end with just one wish, that's you To hold me in the dark and help me make it through 'Cause the pain that's inside me Would simply melt away If I had you here with me And promise me you'd stay

But will you say that you love me
And show me that you care
Say when I need you
You will always be there
But if you go and leave me
This I swear is true
My love will always be with you

But will you say that you love me And show me that you care
Say when I need you
You will always be there
But if you go and leave me
This I swear is true
My love will always
My love will always be with you
