

# Love Must Be Telling Me Something

LeAnn Rimes

Can't see can't breathe  
can't get up off my knees  
i don't know what comes over me  
whenever you come near

Heart's poundin' in my chest  
little voice inside my head  
i can't hear a word it said  
but the feelin's loud and clear

Love must be tellin' me somethin'  
givin' me some kind of sign  
love must be tellin' me somethin'  
i must be fallin' tonight

Well i've been in love and lost  
i swore us one and all  
no matter what the cost  
gotta learn to live without

No you weren't in my plans  
but baby here i am  
i still don't understand  
but i know there ain't no doubt

Love must be tellin' me somethin'  
givin' me some kind of sign  
love must be tellin' me somethin'  
i must be fallin' tonight

No you weren't in my plans  
but now baby here i am  
i still don't understand  
but i know there ain't no doubt

Love must be tellin' me  
love must be tellin' me  
love must be tellin' me

Love must be tellin' me somethin'  
givin' me some kind of sign  
spellin' it out for me  
love must be tellin' me  
i must be fallin' tonight

Love must be tellin' me somethin'  
love must be tellin' me somethin'

I must be fallin' tonight
