

My Baby

LeAnn Rimes

My baby gives me satisfaction
My baby gives me all his love
Let's me know I'm his main attraction
No one else is gonna feel his touch
I love the way he drives me crazy
From now on, I'm gonna love my baby

My Baby is a full-time lover
My Baby is a full-grown man
Makes me feel like a natural woman
I know he's the only one who can
Rocks my world and I don't mean maybe
From now on I'm gonna love my baby

No one can take me away from my baby
I'm holding on to Heaven in his arms

No one can take me away from my baby
I'm holding on to Heaven in his arms

My baby is a rolling thunder
My baby is a southbound train
His love is like a long, hot Summer
Calms me down like a cool, cool rain
His sweet wonderful ways amaze me
It's no wonder why I love my baby

I love my baby
love my baby
love my baby
