

River of Love

LeAnn Rimes

My heart's been thirsty
My spirit's runnin' dry
And I think I feel a drop of rain
I see the lightning
Strikin' the sky
Sometimes a stone can bring a change
Now your love comin' back
Like the water all around me
This feelin' here inside
Is risin like a tide to the sea

Take me away on the river of love
I wanna go where you go
Take me away on the river of love
Just let me roll with the flow
On the river of love

Now I don't worry 'bout
what's round the bends
As long as you're by my side
My destination is right where I am
I'm just enjoyin' the ride
When I needed your love
It rained down from above me
Now I'm over my head
And i can feel it set me free

Take me away on the river of love
I wanna go where you go
Take me away on the river of love
Just let me roll with the flow
On the river of love

Ooooh yeah, on the river of love
Ooooh yeah, on the river of love
