

# Trouble with Goodbye

LeAnn Rimes

It ain't working  
Don't take no genius to see  
It's hurting more every day  
Goin' thru the motions  
Ain't we  
And it's too sad for me  
Once we were  
True lovers  
Feeling the heat

Oh, but I  
Can't say the word we have to say  
Don't ask me why  
Let's just say

See ya round, gotta go  
Sayonara, adios,  
Arrivederci  
Au revoir, auf Wiedersehen,  
Ciao bella, never change  
Oh mercy mercy  
Don't make me cry  
I got trouble with goodbye

Don't explain it away  
Cause, it just ain't my thing  
All this articulating  
Just a little heartbreak  
Why make it more than it seems

I'd much rather  
Get back to dreamin' my dreams

See cause I've been thinkin'  
we'll meet again someday  
But until we do  
Let's just say

Wish I could be so free  
Yeah they take it so casually  
Oh but baby that's just not me

Oh no I've never been  
And I will never be  
Cause I've got, I got trouble  
babe  
Oh no I don't really wanna go  
Don't want to say the words  
Don't wanna say goodbye
