

Trouble with Goodbye

LeAnn Rimes

It ain't working
Don't take no genius to see
It's hurting more every day
Goin' thru the motions
Ain't we
And it's too sad for me
Once we were
True lovers
Feeling the heat

Oh, but I
Can't say the word we have to say
Don't ask me why
Let's just say

See ya round, gotta go
Sayonara, adios,
Arrivederci
Au revoir, auf Wiedersehen,
Ciao bella, never change
Oh mercy mercy
Don't make me cry
I got trouble with goodbye

Don't explain it away
Cause, it just ain't my thing
All this articulating
Just a little heartbreak
Why make it more than it seems

I'd much rather
Get back to dreamin' my dreams

See cause I've been thinkin'
we'll meet again someday
But until we do
Let's just say

Wish I could be so free
Yeah they take it so casually
Oh but baby that's just not me

Oh no I've never been
And I wil never be
Cause I've got, I got trouble
babe
Oh no I don't really wanna go
Don't want to say the words
Don't wanna say goodbye
