

Fate

Leatherface

In the darkest of the night I couldn't see if my life had ended
I don't go walking anymore but I don't understand now
I won't be there then I can't see it anymore
I'm on a mine...
Can you understand your fate you conceal it
When you couldn't be it anymore do you understand now
Do you feel it and could you steal it anymore
I'm on a mine...
In the darkest of the night I can't be there anymore
Can you understand your fate do you feel it
And could you steal it anymore
I'm on a mine...
