

Lonely Road

Leatherwolf

Whenever I look into your eyes
Lord I feel the need
To keep you satisfied
And hold you close to me
Girl can't you see

Lonely is the night
There's only one more night till I go (Till I go)
On that lonely road (Lonely road)
I tell you how I feel
I'll show you that it's real
And I know (And I know)
When you hold me tight
I need all your love tonight

The time has come and I must go
But soon I will return
If the raging had desire
Cause the fire will always burn
In my heart for you

Lonely is the night
There's only one more night till I go (Till I go)
On that lonely road (Lonely road)
I tell you how I feel
I'll show you that it's real
And I know (And I know)
When you hold me tight
I need all your love tonight

Tonight
Can we make it last forever
I gotta know
Before I go
On the lonely road

Hold on
Hold on
I'm gonna try with all my might
Hold on
Hold on
No one gonna try to make it right
'Cause I need your love tonight
All your love
All your love

Lonely is the night
There's only one more night till I go (Till I go)
On that lonely road (Lonely road)
I tell you how I feel
I'll show you that it's real
And I know (And I know)
When you hold me tight

Lonely is the night
There's only one more night till I go (Till I go)
On that lonely road (Lonely road)

I tell you how I feel
I'll show you that it's real
And I know (And I know)
When you hold me tight
I need all your love tonight
