Season Of The Witch

Leatherwolf

Sorcerers play here where witches prey You'll be here forever Time will tell when you heal your bell Stop this spell I am not for Hell

Demons chant, try and escape you can't You'll be here forever Time will tell when you heal your bell Stop this spell I am not for Hell

Step out of the darkness and into the light Only a coward will hide in the blackness of night I make a challenge to you now,
If you will allow me to be free

Take off these chains that bind me
Fight the rage that's inside me
Choose your sword
I have the power at my side
More than you can realise
I have the Lord

Sorcerers play here where witches prey You'll be here forever Time will tell when you heal your bell Stop this spell I am not for Hell
