

Solemn Sea
Seil den sterke sjø
Solen har gått ned
I det vide havet
I det mørke dypet
Hviler en drøm
Om et ukjent land
[English translation:]
Sail the strong lake
The sun has gone down
In the wide sea
In the dark depth
Rests a dream
About an unknown land/country
The music of your heartbeat brightens me
Turn my fears into hope
Oceans of blue
Darkening sky the shadows fall
Foaming waves shatter us
I cry aloud to the sky
Solemn sea save me
Solemn sea save me
Watch and wait for the next
Attacking waves, ice cold rain
The black mirror of the sea
Watching me, save me
The humming of the waves frightens me
Turn my fears into hope
Oceans of blue
A thunder storm roars at me
My body shakes in the rain
Lightening rays spearing me
A thousand spears haunting me
