

Temptation

Leaves' Eyes

Temptation
In my head
I hear your voice
Is this the voice of my master
In my chest
I sense a spear
Are these the looks of my mistress
In my head
I hear your voice
Why do I suffer
In my chest I sense a spear
Why cant I see you
Have I become a bounden slave
Shall I be lost in your spell
What do I fear
Is this a dream
My bitter spirit
Has become a burden
Lady fair
Mistress of my dreams (temptation)
Let us share
Body, soul and sorrows
I rise and walk
Into the waves
Will you save me
You interrupt
My intellect
You take what you demand
