

Viking's Word

Leaves' Eyes

Viking's Word

Can a choice be chained

When their decision is made?

Are we taking any anger away?

I don't want to change (I don't want to change)

I don't want this to stay in your heart forever (In your heart)

But the law is law and will be (indeed)

And I gave a Viking's word

Faraway landscapes receive him with grace

In bright beauty and wonders

We find truth of me

I gave a Viking's word

A Viking's word

Can a man be chained?

Can a man be free?

Through some sad winters until the end comes swift

For I will return (For I will return)

I don't want this to stay in your heart (In your heart)

But the grandeur it strained for (Live on)

But I gave a Vikings word

Faraway landscapes receive him with grace

In bright beauty and wonders

We find truth of me

I gave my Viking's word

Where we were courting, embracing in peace

In hidden safety and freedom, we court without fear

A Vikings word.

Faraway landscapes receive him with grace

In bright beauty and wonders

We find truth of me

I gave a Viking's word
