Calling all the messengers  
Calling all the messengers  
Calling all the messengers

We've been given a call  
Been forgiven, risen  
We livin' to give him our all  
Rise up from your past  
That's holding you down  
This moment is all that matters  
The future is now  
How will the people know if we don't tell 'em?  
If we fail 'em  
They're stumbling in the dark  
But the lighters that we carryin'  
Don't have to wonder your purpose  
Or what you're here for  
Reflect his image  
And show the world what he cares for

And I know it's all right  
And you know it's your life  
And we know that time's running out  
Can't wait around cause

Calling all the messengers  
Calling all the messengers  
Calling all the messengers

I've been a lot of places where the scene ain't pretty  
I've seen plenty of hate, death and destruction  
Where ignorance kills many  
The blind leading the blind  
We turnin' a blind eye  
That alone is a crime  
We've got the power to life  
I know that we make mistakes  
Don't let 'em keep you away  
Mercy, love, and His grace  
The reason we movin' here  
Speak out  
Though we've never been qualified to do it  
I ain't earned it  
I was loved into it  
I'm brand new

And I know it's all right  
And you know it's your life  
And we know that time's running out  
Can't wait around cause
