## **No Regrets**

(And they say) You only live once so live it up tonight I hope we live twice cause I can't wait to give up this life Don't get me wrong I love my fam and my experience Been around the world and back seven wonders I done seen 'em Number eight is just us wonderin what happens when we perish And I don't want no regrets I'm a tell the ones I cherish That I love 'em thinking of 'em on this red eye flight to Paris If I die before I wake at my wake please tell my parents That your son will positively wake in paradise Life is like a pair of dice so watch the ones you rollin with Roll the clip of my life you gon' see a bunch of empty bottles Broken hearts and blurry nights, Facebook likes and twitter follows I'm not livin for today cause tomorrows looking pleasant And the future is a gift even though this is the present Yea I do believe in heaven but my actions ain't the key Them gates remain locked if everything follow me

So let em know that when I come to the end of my road And they ask me was it worth it The hurting, the pain, and the life I chose I'll do it again in a heartbeat, heartbeat, heart heart heartbeat I'll tell 'em I'll do it again in a heartbeat, heartbeat, heart heart heartb eat

And I die with no regrets

You not a leader cause they follow you on twitter And you not a man based up on your age and your gender If you die tonight you'll probably die a boy Chasing toys objectifying these women thinkin they gon' bring you joy Don't you want more than last night's braggin rights What's yo life? I know it's hard to think about underneath these flashing lights Scratch the surface money's worthless when it comes to finding purpose If you keep the end in focus you can't keep it when it's over And when it's over there's something else starts Only thing that's really gon' matter is that hope inside your heart What you trusting in what you lusting in For that busty momma that's strutting in And you popping bottles you throwing dollars That's cool but partner this just in That you gon' live forever whether you want to or not Some of us gon' end up holy some of us gon' end up hot Tell this life to keep my problems kiss my momma when I'm gone Tell her I have no regrets and I'm home I'm home

So let em know that when I come to the end of my road And they ask me was it worth it The hurting, the pain, and the life I chose I'll do it again in a heartbeat, heartbeat, heart heart heartbeat I'll tell 'em I'll do it again in a heartbeat, heartbeat, heart heart heartb eat And I die with no regrets
