Send Me, I'll Go  
Send Me, I'll Go  
Let Me Go, Let Me Go (2x)

I Seen it wit my own two  
Theres no way I can show you  
A perfectly poverty stricken people with no view  
And I bet you can't believe this  
They never heard of Jesus  
Heard of Young Buck, Lil' Wayne, and Young Jeezy  
No One signing up to go on missions this summer  
Rather sit at home and watch Xzibit pimpin a hummer  
While at night he rollin Shot now  
Nobody sreamin Stop now  
No bridge illustrates for criminals who on Lockdown  
People deep in Africa, lookin for an answer bra  
In China men are dyin men until they know who died for sin  
So, look what grace did  
Not for us to stay in  
Inside our comfort zones at home in Momma's basement  
Get out on the grind ya'll, aint no better time dog  
I know you read the Great Commission let me just remind ya'll  
Make Disciples of the Nation teach them to obey the Lord  
Hate to never lead someone to Christ before I see the Lord

Send Me, I'll Go  
Send Me, I'll Go  
Send Me, I'll Go  
Let Me Go, Let Me Go  
Send Me, I'll Go  
Send Me, I'll Go  
Send Me, I'll Go  
Let Me Go, Let Me Go (2x)

Ay, after 1000 years in the west and the churches  
Gettin bigger daily without understandin worship  
Some regenerate but alot aint saved  
You walk outside and be surprised that the block aint changed.  
And the numbers they be gettin them  
Somethin still aint hittin them  
American's aint Christian's they just practicin the rituals  
Thats why we should be missions ay oh what you think I'm spittin fo  
United States is dyin and the east is lookin pitiful  
Some places if they catch you they'll arrest you and they'll serve you  
But they still need the word too the gospel should be heard too  
We claim we aint ashamed but we still aint hit the block up  
We in our Christian bubble while our brothers gettin locked up  
Lord I wanna Stop up  
Take a bag and Walk up  
In a country where sharin my faith may get me Shot up  
Anyway I go Lord whether my city, Lord or For a broad  
I just wanna show them Jesus Christ the risen Holy God.

Send Me, I'll Go  
Send Me, I'll Go  
Send Me, I'll Go  
Let Me Go, Let Me Go  
Send Me, I'll Go  
Send Me, I'll Go  
Send Me, I'll Go  
Let Me Go, Let Me Go (2x)

I know they dyin in the streets  
Over in the Middle East  
Some kids seekin peace  
Others holdin up a peace  
If the violence doesnt seace  
Then at least, the decease  
Might know Jesus as they savior as they're body hit the street  
And I know this is a graphic view  
I pray that its attackin you  
Tractin you, to act and do what you see in the back of blue  
Matthew 24:14 We should read it twice  
Before we think that life is just a Battle see we live for Christ  
Look dog, life is more than Church, Work, and Football  
What if you were dead in sin and Christians overlooked ya'll  
This is why we leave the couches and the comfort of our houses  
To show the world a God that Mayan never read about

Yeah...The Great Commission says make Disciples of all nations  
Have we even made em in our own nation?  
Come on Christians  
Missions exist because worship doesnt  
People don't worship the God that made them  
We Ambassadors..Let's Go!

Send Me, I'll Go  
Send Me, I'll Go  
Send Me, I'll Go  
Let Me Go, Let Me Go  
Send Me, I'll Go  
Send Me, I'll Go  
Send Me, I'll Go  
Let Me Go, Let Me Go (2x)
