## In The Light

Led Zeppelin

And if you feel that you can't go on. And your will's sinkin' low Just believe and you can't go wrong. In the light you will find the road. You will find the road

Oh, did you ever believe that I could leave you, standing out in the cold I know how it feels 'cause I have slipped through to the very depths of my soul. I just wanna show what I'd give you it is from every bend in the road Now listen to me Oh, whoa-whoa, as I was and really would be for you, too, honey As you would for me, oh, I would share your load. Let me share your load. Ooh, let me share, share your load

And if you feel that you can't go on In the light you will find the road

Though the winds of change may blow around you, but that will always be so When love is pain it can devour you, if you are never alone I would share your load. I would share your load Baby, let me, oh, let me

In the light Everybody needs the light. In the light, in the light, in the light

Light, light, light, in the light Light, light, light, in the light, ooh, yeah Light, light, light, in the light
