

Be There For Christmas

Ledisi

im gonna be there for christmas
right next to you on christmas
im gonna be there for christmas
just me and you on christmas
and im never gonna let you go

Been thinking all day what im gonna do
its almost christmas gotta get home to you
my baby waiting and i cant be late
and when i get there we gon celebrate

christmas only comes one time a year
im gonna spend that time with you my dear
i can't wait to whisper i love you so
underneath the mistletoe

im gonna be there for christmas
right next to you on christmas
im gonna be there for christmas
just me and you on christmas
and im never gonna let you go

I got a present that you can't put under a tree
and little does he know that present is me
chocolate kisses and a bottle of wine
cause that man i got is mine all mine

christmas only comes one time a year
im gonna spend that time with you my dear
i cant wait to whisper i love you so
underneath the mistletoe

im gonna be there for christmas
right next to you on christmas
im gonna be there for christmas
just me and you on christmas
and im never gonna let you go

christmas only comes one time of a year
im gonna spend that time with you my dear
i can't wait to whisper i love you so
underneath the mistletoe

course im gonna be there for christmas
right next to you on christmas
im gonna be there for christmas
just me and you on christmas

and im never gonna let you go
