

Come On Song

Lee Aaron

Gliding in your silver tower
Rocket boy, you've got the power
(Come on come on come on come on down)
(Come on come on come on come on down)
(Come on come on come on come on fly on down)

Speed god warhead man of steel
Take me in your, space mobile
(Come on come on come on come on down)
(Come on come on come on come on down)
(Come on come on come on come on fly on down)

(Ohh...) ya got me with the kerosene touch
(Ohh...) lovestar meltdown into lust

Cool electron super fusion
Get this baby, up an' movin'
(Come on come on come on come on down)
(Come on come on come on come on down)
(Come on come on come on come on fly on down)

Shock wave sensors overloaded
I was there, when your mind exploded
(Come on come on come on come on down)
(Come on come on come on come on down)
(Come on come on come on come on fly on down)

(Ohh...) ya got me with the kerosene touch
(Ohh...) lovestar meltdown into lust

(Ohh...) ya got me with the kerosene touch
(Ohh...) lovestar meltdown into lust

Come down from the clouds...
Come to me now...
Come down from the clouds...
Come to me, come to me

Come down from the clouds...
Come to me now...
Come down from the clouds...
Come to me, come to me

Come down from the clouds...
Come to me now...
Come down from the clouds...
Come to me, come to me

Come down from the clouds...
Come to me now...
Come down from the clouds...
Come to me, come to me
