

# Cry

Lee Aaron

Love...  
The winter was comin'  
I could feel the chill settin' in...  
I reached out to your fire  
But the amber glow'd grown so dim

Tears...  
Like the crimson leaves falling  
Last breath of a sunset sky...  
Ah the seasons were changin'  
Too late to save the garden  
Too soon to see it die...

Cry...  
Cry me a river  
Promise me the sun...  
Cry...  
Everybody hurts  
How does it feel to be the one...  
Cry...  
Cry me a river  
Kiss love goodbye  
And cry...

In a dream...  
I stood by the water  
And you watched from the other side  
And you could clearly see me callin' out  
Ya tried to run and hide  
Wouldn't look me in the eye...

Cry...  
Cry me a river  
Promise me the sun...  
Cry...  
Everybody hurts  
How does you feel... to be the one  
Cry...  
Cry me a river  
Kiss love goodbye  
And cry...

And you left me standin' by the water  
A thousand bridges, one step away... away...

Tears ...  
Like the crimson leaves (falling)  
(The last breathe)  
Cry...  
Cry...

Cry me a river  
Kiss love goodbye  
And cry...

Cry...  
Cry me a river

Promise me the sun...  
Cry...  
Everybody hurts  
How does you feel .. to be the one  
Cry...  
Cry me a river  
Kiss love goodbye  
And cry...  
And cry
