

# Fire In Your Flame

Lee Aaron

CD player's turnin'  
The candle is still burnin' by the bed.  
Your whisper filled with yearnin'  
Let the shadows speak 'til nothing's left unsaid...

Gonna heal you up  
Gonna set you free  
When you're losin' faith  
I'll make you believe.

(This kiss this touch)  
(Still means as much)  
I wanna put the fire in your flame.  
(This soul aspires, to one desire)  
I wanna put the (fire), oh the fire in your flame...

Reflections from the moonlight  
Dancing on your face painted a smile  
Spirit's under weather  
And no one knows you better my sweet child...

Let me dress your wounds  
Let me ease your pain  
These arms are shelter  
In the pourin' rain.

(This kiss this touch)  
(Still means as much)  
I wanna put the fire in your flame.  
(This soul aspires, to one desire)  
I wanna put the (fire), oh the fire in your flame...

I am the one  
Breathe deep the breath of givin'  
I am the one  
The beating, living, inside

(This kiss this touch)  
(Still means as much)  
I wanna put the (fire) in your flame  
(This soul aspires, to one desire)  
I wanna put the (fire) in your flame

(This kiss this touch)  
(Still means as much)  
I wanna put the fire in your flame.  
(This soul aspires, to one desire)  
I wanna put the (fire), oh the fire in your flame...

Uh-huh, uh, uh-huh, huh-huh  
Uh-huh, uh-huh  
Uh-huh, uh-huh, ooh-hoo  
This kiss, aw this touch  
This kiss, aw this touch
