

# Head Above Water

Lee Aaron

Sometimes, I feel jus' like a heart on the edge of a break  
Draw.. the line, I think that I've had all.. that I feel.. I ca  
n take

Oh keep your, (head above water)...  
Just watch your step or you're  
(Sure to go under)  
(Head above water)...  
Don't take a dive or it will all just slip away

Slow down, it seems like everything is just coming too fast  
Look around.., or it will all.. be a part o' the past

Oh keep your, (head above water)...  
Just watch your step or you're  
(Sure ta go under)  
(Head above water)...  
Don't take a dive or it will slip away

You'll have nowhere to go...  
Only the same old scene..  
You'll have nothing ta show...  
'Cause it's only a dream...

(Head above water)...  
Just watch your step or you're  
(Sure ta go under)  
(Head above water)...  
Don't take a dive or you're  
(Sure ta go under)  
(Head above water)...  
Just watch your step or you're  
(Sure ta go under)  
(Head above water)...  
Don't take a dive or it will all just slip away
