

# Lady Of The Darkest Night

Lee Aaron

He awakes in a cold sweat  
From a lost and lonely dream...  
There was a lady with long dark hair  
He doesn't know quite what it means

She was alluring, but so disturbing  
He begins to quiver  
Was like her knew her, like he'd been through her  
Oh never never never...

Ooh, she sets his heart on fire...  
Now this woman, that he desires...

After a long day  
He finally falls asleep...  
There was a lady with stone grey eyes  
Into his dreams she start to creep

Tossing an' turning, he feels a yeaming  
He begins to quiver...  
He wants to touch her, he wants so much of her  
Forever...

Ooh, she sets his heart on fire...  
Now this woman, that he desires..  
(She's the lady of the darkest night) darkes' night  
(She'll take yer soul when the time is right)  
(She's the lady of the darkest night) darkes' night  
(She'll take your soul when the time is right)

All alone in a little room  
On a sunday afternoon...  
Oh suddenly the air turns cold  
Oh yes he knows she's coming soon

He cannot see her, but he can feel her  
He begins to quiver  
A strange sensation, like detonation  
Oh... yeah

Ooh, she sets his heart on fire...  
Now this woman, that he desires...  
(She's the lady of the darkest night) darkes' night  
(She'll take yer soul when the time is right)  
(She's the lady of the darkest night) darkes' night  
(She'll take your soul when the time is right)  
(She's the lady of the darkest night) darkes' night  
(She'll take yer soul when the time is right)  
(She's the lady of the darkest night) darkes' night

Ooh...  
Oh, oh, oh oh yeah...
