

# Lonely For Your Love

Lee Aaron

I've been thinkin' how I'd get along  
If it wasn't for you  
I've been wonderin', if I'd be as strong  
For what yer puttin' me through

I always try an' tell myself got nothin' ta lose  
An' you will always be mine  
When you're away it drives me outta my mind  
A losing battle with time

Because I'm lonely  
I'm lonely for your love.  
I'm lonely  
Only want your love...

I tried so hard to reach you, don't return my calls  
Well what's a girl to do  
If you don't want my love now, just don't care at all  
Jus' let me know that we're through

I always try an' tell myself got nothin' ta lose  
An' you will always be mine  
When you're away it drives me outta my mind  
A losing battle with time

Because I'm lonely  
I'm lonely for your love.  
I'm lonely  
I only want your love...  
Ooh... oh

I wanna tell ya  
Uh, uh, uh, h-I'm waitin' for ya baby...  
Ooh, why do, why do, why do ya always, answer maybe...

Lonely...  
Lonely for your love...  
Lonely...  
I only want your love...  
Lonely...  
I'm lonely for your love...  
Lonely...  
Lonely for your love...  
Lonely...  
Lonely for your love...  
Lonely...
