

Misenchanted

Lee Aaron

Under the dead neon sign
Bringin' the sky down, for nickels and dimes
She knows, she knows, this town

Drag out in velvet and pearls
Junk store Fellini, society girl
He knows, he knows, this crowd

Starlight dreams, of the disenchanted
King and queens, in the theatre, of blackened faith

Space baby's dreams in the dus
Creditless world, cold cash is a must
She knows, she gives, too much

Starlight dreams, of the disenchanted
Kings and queens, in the theatre, of blackened faith

Starlight dreams, of the disenchanted

Under the dead neon sign
Nothin's for sure but the passin' of time

Starlight dreams, of the disenchanted
Kings and queens, in the theatre, of blackened faith
Blackened faith
Blackened faith
Faith
