Lee Aaron

BACKGROUND SHOUT:

I'll have a bottle o' Grand Marnier

SING:

Little girl caught the fever

Wasn't hard to deceive her

Sweet an' innocent fifteen

Daddy's pride's got a rock 'n' roll dream

If ya know what I mean

Well heat got to 'er too soon

When 'e asked 'er to the back room

Sh' took a chance on a big star

Took a chance in the back seat of his car

She went a little too far

She wants to fall in love..

Wants a music man

Never win his heart

When a guitar's in 'is hand

But she can't stop messin' with nasty boyz..., ow (huh!)

Girls' gettin' an addiction

She's a backstage tradition

Lady's lovin' on a fine wire

Ya get burned when you're playing with fire... yeah

She wants to fall, in love..

Wants a music man

Never win his heart

When a guitar's in 'is hand

But she can't stop messin' with nasty boyz

Little (girls shouldn' play) with big boys' toys

Oh she can't stop messin' with nasty boyz..

Oh.. yeah, they're nasty.. uh

She wants to fall in love..

She wants a music man

A A-never win his heart

When a guitar's in 'is hand

She can't stop messin' with nasty boyz

Little (girls shouldn' play) with big boys' toys

Oh she can't stop messin' with nasty boyz..

Oh.. yeah, they're nasty

(Can't stop), with nasty boyz

(Girls shouldn' play) with big boys' toys

Oh she can't stop messin' with nasty boyz

- (Oh.. oh..)

- Oh.. yeah, they're nna-na-na-na-nasty..

Hey!
