

# Rebel Angel

Lee Aaron

She. broke every rule the day that she was born  
Sweetest, baby doll was a, thunderstorm  
Spends. all her money, stayin' out half the night  
Sh' don't mean ta break your heart but, she just might

Watch your step now  
(She's a loaded gun)  
That's what you get now  
(Hit and run).

(Oh oh rebel angel)  
One kiss is trouble, two could be dangerous  
(Oh oh rebel angel)  
And she's just having fun, (rebel)

She. walks this crazy walk, drives those young boys, wild  
She wears what she wants with, shameless style  
Gets. those dirty looks, from every girl in town  
She don't care men stop an' stare when, she comes 'round

Watch your step now  
(She's a loaded gun)  
That's what you get now  
(Hit and run)

(Oh oh rebel angel)  
One kiss is trouble, two could be, dangerous  
(Oh oh rebel angel)  
And she's just having fun, (rebel)

(Oh oh rebel angel)  
One kiss is trouble, two could be dangerous  
(Oh oh rebel angel)  
And she's just having fun, look out

(Oh oh rebel angel)  
One kiss is trouble, two could be, dangerous  
(Oh oh rebel angel)  
She's just havin' fun, (rebel)

Ooh. she's a rebel  
She's a rebel!  
Yeah!
