

Rock Candy

Lee Aaron

When you need a friend
Through thick an' thin
Don't look to those above you
When you're down and out
Well there ain't no doubt
Nobody wants you

But you're rock candy baby (Rock Candy)
You're hard sweet an' sticky...
You're (rock candy baby)
(Rock candy)
Hard sweet an' sticky

When you're seventeen
Reachin' for your dream..
Don't let nobody reach it for you
Oh.. Pull up your pants, hey-hey
Take a chance
If it can be done, you can do it

'Cause you're rock candy baby (Rock candy)
You're hard sweet and sticky, yeah
You're (Rock candy baby)
(Rock candy..)
Hard sweet and sticky

Show me, show me, show me how sweet you are.. yeah
You're rock candy baby (Rock candy)
You're hard sweet and sticky
You're (Rock candy baby)
(Rock candy..)
You're hard sweet and sticky..

Hard, sweet, sticky
You're rock candy baby (Rock candy)
Hard, sweet and sticky
You're rock candy baby (Rock candy)
Hard sweet an' sticky

Rock it!
