

# Shake It Up

Lee Aaron

Everyone seems to be dancin'  
Trendy threads, modern romancin'  
Whatever happened to rock 'n' roll... thought it was here ta stay  
If I only had one wish I wish that they'd stop sayin'

Shake it up, move your feet  
Shake it up, feel the beat  
Shake it up, move your feet  
Shake it up, feel the beat

Oh oh no forgot his dancin' shoes  
Oh no what, what will he do  
Forget about your yellow pants put on some old blue jeans  
Now I tell it like it really is not how it always seems

Shake it up, move your feet  
-I'm gonna shake it shake it...  
-Shake it up, feel the beat  
-Shake it up, move your feet  
-I'm gonna shake it shake it...  
Shake it up, feel the beat

Mirror balls enchanted walls, everybody's groovin'  
They think they're winners, but they're really losin'  
Well disco lights they make me blind I couldn't make the sacrifice  
Never conform a rock 'n' roll kid thanks it's been a slice

Shake it up, move your feet  
-I'm gonna shake it shake it...  
-Shake it up, feel the beat  
-Oh shake it up, move your feet  
-I'm gonna shake it shake it...  
Shake it up, feel the beat

Oh yeah yeah...  
Shake it up, oh move your feet  
-I'm gonna shake it baby, hey  
-Shake it up, feel the beat  
-Shake it up, move your feet  
-Oh..no, gonna shake it shake it shake it shake it  
Shake it up  
-Why don't you just give it a good shh-ake  
-Feel the beat
