

Shame

Lee Aaron

I walked in, all alone..
You knew my baby.., was back at home
Ooh the man's got somethin' on 'is mind
I told you that I'm not that kind o' girl
Blue jeans, faded leather
I.. was tryin', ta keep it together
So I kept right on walkin' by
But you just wouldn't take your eyes off o' me
Ya know just how ta break me down..
It's not too late to turn back now
Shame on you (shame) ya took me by surprise
Shame on me.., I never realized
Shame on you (shame) ya planned it from the start
Shame on me.., ya went straight for my heart
Shame on love...
Hot night, crowded room..
Making contact, in perfect tune..
Mmm a little touch, a little kiss
Could lead us to much more than this tonight..
Oh
An' now we're messin' where we shouldn' be
I let you got a hold on me...
Shame on you (shame) ya took me by surprise
Shame on me.., I never realized
Shame on you (shame) ya planned it from the start
Shame on me... ya went straight for my heart
Shame on love...
Shame on love..
You! took me by su'prise
Shame on me.., I never realized
Shame on you (shame) ya planned it from the start
Shame on me... ya went straight for my heart
Shame on you (shame) ya took me by su'prise
Shame on me, I never never realized
Shame on you (shame) ya planned it from the start
Shame on me, ya went straight for my heart
Shame on love...
Shame on love..
Shame on you (shame)
Shame on me
- Ya know I'm not that kinda girl
- (Shame)
Shame on me...
You (shame)
