

Superbitch

Lee Aaron

I'm the girl
The one from all of your dreams
I rule my insular world
No one can touch me

I pretend, letting the telephone ring.
I need for you to believe
My life is quite complete

Freak goddess, Aphrodite
Got nothin' on me, the high an' mighty
One and only, self-serving, (superbitch)

Bored, I need something to repress
I'm only int'rested in
Things that I can possess

So light my cigarette give me my fix
Throw a dog a bone he'll do anything
Now drive me home
I'm much too tired ta fake it

Freak goddess (goddess) Aphrodite
Got nothin' on me (nothin') the high an' mighty
One an' only, self-serving, (superbitch)
Ice queen (ice queen) black Delilah
Veneered and naked (naked) dumb an' righteous
You can't break me, you can't crack the, (superbitch)
(Superbitch)

I lie around waiting to be adored
I lie around waiting to be adored
I lie around waiting to be adored

Freak goddess

Aphrodite
Got nothin' on me, the high an' mighty
One an' only, self-serving, (superbitch)
Ice queen (ice queen) black Delilah
Veneered and naked (naked) dumb an' righteous
You can't break me, you can't crack the, (superbitch.)
(Superbitch.)
