

(You Make Me) Wanna Be Bad

Lee Aaron

Got to be strong baby, got to be true
Got ta act like a lady it looks good on you
You' got to watch everything that ya do
And try ta follow all the golden rules
You' got me thinkin' things I never thought I would
Imagination's off and, runnin' wild
I wouldn't hold back now even if I could
'Cause I like the way it feels
I lie awake just dreamin' about the way
That you might kiss
I can't pretend I'm innocent
With fantasies like this

You make me wanna be (bad bad bad, bad baby)
This strange attraction is drivin' me mad (drivin' me mad)
Don't confuse it with love
I just thought you should know...
You make me wanna

Call you up baby, I have no choice
Hang up the phone when I hear your voice
Feel like a schoolgirl, on the edge
Right and wrong are all mixed up in my head
Under a spell, you've got some kind o' power over me
(Some kind o' power)
I thought I knew myself but now I know what I wanna be

You make me wanna be (bad bad bad, bad baby)
This strange attraction is drivin' me mad (drivin' me mad)
Don't confuse it with love
I just thought you should know
Uh-huh you make me wanna be bad... (bad bad bad, bad baby)
This is the hardest time I, ever had saying no
You make me wanna be

You' got me burnin' (whoa-oh) you got me yearning
And it's all I can do, to keep my self control
If it's a crime (whoa-oh) I'll do my time with you
All alone...
Tried to be strong and I, tried to be true
Tried to act like a lady but it all fell through
I think about what I wa-wanna do
Ya got me breakin' all the rules

(Bad bad bad, bad baby)
You make me wanna be bad
This strange attraction is drivin' me mad (drivin' me mad)
Oh don't confuse it with love
I just thought you should know
You make me wanna bad bad bad
(Bad bad bad, bad baby)
I can't help myself I'm weak like that (drivin' me mad)
This is the hardest time I', ever had sayin' no
You make me wanna be bad
