

Take the Devil Out of Me

Lee Ann Womack

Oh Jesus, please

Please take the devil out of me
I travel far down this lonesome road
The devil, he's got me bent down so low
I just found out where I wanna be

Oh Jesus, please

Please take the devil out of me
I'm getting tired of living in sin
I'm tired of keeping the devil for a friend
I want so badly to be set free

Oh Jesus, please

Please take the devil out of me
Now I'm so happy, I'm free from sin
Because I let my dear savior in
My Jesus told me that I was free

Oh, Jesus thank you
You took the devil out of me
