

Why They Call It Falling

Lee Ann Womack

It's like jumpin
It's like leapin
It's like walkin on the ceilin
It's like floatin
It's like flyin through the air
It's like soarin
It's like glidin
It's a rocket ship you're ridin
It's a feelin that can take you anywhere

So why they call it fallin
Why they call it fallin
Why they call it fallin
I don't know

There was passion
There was laughter
The first mornin after
I just couldn't get my feet to touch the ground
Every time we were together
We talked about forever
I was certain it was Heaven we had found

So why they call it fallin
Why they call it fallin
Why they call it fallin
I don't know

But you can't live your life
Walkin in the clouds
Sooner or later
You have to come down

It's like a knife
Through the heart
And it all comes apart
It's like someone takes a pin to your balloon
It's a hole
It's a cave
It's kinda like a grave
When he tells you that he's found somebody new

So why they call it fallin
Why they call it fallin
Why they call it fallin
Now I know

Ooh, why they call it fallin
Why they call it fallin
Now I know
