

I Don't Dance

Lee Brice

I'll never settle down
That's what I always thought
I was that kind of man
Just ask anyone

I don't dance
But here I am
Spinning you 'round
And 'round in circles
It ain't my style
But i don't care
I'd do anything
With you anywhere
Guess you got me
In the palm of your hand
Cause I don't dance

Love's never come my way
I've never been this far
But you took these two left feet
And waltzed away with my heart

I don't dance
But here I am
Spinning you 'round
And 'round in circles
It ain't my style
But I don't care
I'd do anything
With you anywhere
Guess you got me
In the palm of
Your hand girl
Cause I don't dance

I don't dance
But here I am
Spinning you 'round
And 'round in circles
It ain't my style
But I don't care
I'd do anything
With you anywhere

I don't dance
But here I am
Spinning you 'round
And 'round in circles
It ain't my style
But I don't care
I'd do anything
With you anywhere
Yeah you've got me
In the palm of your hand girl
Cause I don't dance
