Maybe I'm just tired
I'm never getting any sleep
Maybe I'm just tired
All of the secrets that I have to keep

## [CHORUS]

And if I stay until the break of day Chances are you won't remember my name And when the morning comes I'll be on my way

One more night of my town

And I swear I put the bottle down

Goes you follow but I need you, see [???]

Chorus x 2

And if I stay until the break of day
Chances are you won't remember my name
And when the morning comes
And when the morning comes
And when the morning comes
I'll be on my way
