

# Beautiful Like You

Lee DeWyze

Everybody wants to  
Look into the mirror  
And feel a little better now

And everybody wants to  
Know there's someone out there  
Waiting for you to come around

And I wish that  
You could feel it  
But you don't choose  
To believe it  
Cause I know that  
You can't see it that way  
That way

If you could only just stop stop stop running  
If you could only take a second to breathe it in  
Everything that you know would be beautiful  
Like you  
You know they're never gonna stop stop stop your love  
Let's pretend that the world is waking up  
Everything that we see is beautiful  
Like you  
Like you

Everybody wants to  
Tell someone their secrets  
Why don't you tell me now

Well, maybe I can fix this  
Then I don't want  
You to miss this  
And the sun is  
Raining down  
Yeah

If you could only just stop stop stop running  
If you could only take a second to breathe it in  
Everything that you know would be beautiful  
Like you  
You know they're never gonna stop stop stop your love  
Let's pretend that the world is waking up  
Everything that we see is beautiful  
Like you

Sometimes is hard to be  
Yourself in this crazy world  
Sometimes is hard to breathe  
Yeah

Everybody wants to  
Know there's someone out there  
Waiting for you to come around  
Come around

If you could only just stop stop stop running

If you could only take a second to breathe it in  
Everything that you know would be beautiful  
Like you  
You know they're never gonna stop stop stop your love  
Let's pretend that the world is waking up  
Everything that we see can be beautiful  
Like you

Can be beautiful  
Like you  
Can be beautiful  
Like you

Oh, Beautiful
