

# Bridge Burns

Lee DeWyze

Things like this don't happen to me  
Everything used to be so ordinary  
From the day that I met you  
Everything's changed

Feel like Im dreaming with my eyes open wide  
Baby you make me feel so good inside  
What you've done to me is kinda hard to explain

Like standin' in Times Square on New Year's Eve  
And no one is around  
Like lookin up on a summer's day  
And seein' snowflakes fallin' down  
Like danicin' on the Brooklyn bridge by perfect candlelight  
That's how you make me feel every time you say you're mine.

Mmm Mm

It seems like just yesterday  
That I didn't even know your name  
And now i cant imagine life without you here, my dear  
What you do to me  
Its something new to me, yeah  
All I'm tryin to say is every time you're near

It's like standin' in Times Square on New Year's Eve  
And no one is around  
Like lookin up on a summer's day  
And seein' snowflakes fallin' down  
Like danicin' on the Brooklyn bridge by perfect candlelight  
That's how you make me feel every time you say you're mine.

Mmmmm

And everyday it feels like Im falling in love with you again  
It gets better every time  
And the lights of the city they fall all around me  
They cant make me feel like this  
Cuz nothing compares to dancing with you on the brooklyn bridge

Mmm Mmm Mmm

It's like standin' in Times Square on New Year's Eve  
And no one is around  
Like lookin up on a summer's day  
And seein' snowflakes fallin' down  
Like danicin' on the Brooklyn bridge by perfect candlelight  
That's how you make me feel every time you say you're mine.

Mmm Mm
