

Fire Away

Lee DeWyze

Fire away, fire away
The morning holds already in my walk
Fire away, fire away
I'll do my very best to cut you off

And now there' holes up in the ceiling
And I'm afraid that the ceiling's gonna fall
Yea one of us is walking all night
And the other's gonna crawl

Fire away, fire away
I'm saving all my fire for another day
So will have a hell and fire away

Oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh

Fire away, fire away
I'm walkin out the door and you're alone
Fire away, fire away
I'm still alive and breathing, don't stop now

And now there' holes up in the ceiling
And I'm afraid that the ceiling's coming down
Yea one of us is walking all night
And the other's in the ground

Fire away, fire away
I'm saving all my fire for another day
So will have a hell and fire away

Oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh
