

So What Now

Lee DeWyze

If I go now, will you take me home?
I'm not afraid, I just don't like to be left alone
If you stay here, there's no more room, my dear
So I'll just go to find my way home

So what now
So what now
So what now
I'm comin' home
Comin' home
Comin' home

Take off your dirty clothes
And go dancing in the rain
I know you're tired of running
Honey, I feel the same
If you stay here, there's no more room, my dear
So I'll just go and find my way home

So what now
So what now
So what now
I'm comin' home
Comin' home
Comin' home

If I go home, will you take me home?
I'm not afraid, I just don't like to be left alone

So what now
So what now
So what now
I'm comin' home
Comin' home
Comin' home
