

Funny car graveyard

Lee Rocker

Ask Von Dutch, he don't know
Then they rock, where they go
Hey man, where's that ride
Where they go, where they hide

Well, they scrapped for metal
Or stole Ford parts
Or rusted away in a funny car graveyard

Where are all the Duke boys, General Lee
Green Hornet in an LTD
Richard Petty, being struck
Got no gas, got no luck

Well, they scrapped for metal
Or stole Ford parts
Or rusted away in a funny car graveyard

Andy's squad car, up on blocks
What he wants it's to keep it stock
PCH, GTO, STP
Go Man Go

Well, they scrapped for metal
Or stole Ford parts
Or rusted away in a funny car graveyard

Ask Von Dutch, he don't know
Then they rock, where they go
Hey man, where's that rde
Where they go, where they hide

Well, they scrapped for metal
Or stole Ford parts
Or rusted away in a funny car graveyard
