

Hard Rain

Lee Rocker

Shakin' up the morning, take it as a warning
Hard rain gonna fall
Lookin' in the rear view and the fire leads you walk through the
Hard rain gonna fall

When you first arrived there, you were innocent and young
Thought you had the answers but the struggle had begun
Feel your body shakin' when you're nearly in
Maybe I can see right through

Hard rain gonna fall (hard hard rain)
It ain't a conspiracy the writing on the wall
Hard rain gonna fall (hard hard rain)
It's no conspiracy, it ain't a mystery

Wrappin' on a back door, settle up an old score
Hard rain gonna fall
Drivin' down the black top, drivin' till the dead stop
Hard rain gonna fall

If I had a dollar for every time you try
Gotta put it down, trying to up your foolish pride
Feel your body shakin' and you're nearly in
Baby, gonna follow you

Hard rain gonna fall (hard hard rain)
It ain't a mystery the shadows on the wall
Hard rain gonna fall (hard hard rain)
It's no conspiracy, it ain't a mystery

In the dark you stayed behind the curtains in your room
And a shot of light come and open up your wounds
While you're lost inside yourself like in a love forgotten dream
Life isn't what it seems

Hard rain gonna fall (hard hard rain)
Ain't a conspiracy the writings on the wall
Hard rain gonna fall (hard hard rain)
Ain't no conspiracy

Hard rain gonna fall (hard hard rain)
It ain't a mystery the writings on the wall
Hard rain gonna fall (hard hard rain)
Hard, hard rain

Hard rain gonna fall (hard hard rain)
It ain't a mystery the writings in the wall
Hard rain gonna fall (hard hard rain)
