

Ramblin'

Lee Rocker

Forty miles of Abilene
Roll on pass to New Orleans
Got no cash, got no care
Hurricane in Jackson Square

San Antonio rocky point
Ramblin' from joint to joint

California's shaky ground
The devil wind is blowing down
An open road for a hundred miles
Driving fast with three flat tyres

The days are long and the nights are cold
Ramble down a lonesome road

San Antonio rocky point
Ramblin' from joint to joint

From Illinois to Arlington
Frozen to the Gulf Coast
Mobile down to Mexico
Kansas City, Tupelo
Oklahoma, El Paso

Got a guitar painted black
Ain't no way you're turning back
Took the fire from the flame
You can't stop the moving train

The days are long and the nights are cold
Ramble down a lonesome road

Forty miles of Abeline
Roll on pass to New Orleans
Got no cash, got no care
There's a hurricane in Jackson Square

The days are long and the nights are cold
Ramble down a lonesome road

San Antonio rocky point
Ramblin' from joint to joint
