

# Runnin' from the hounds

Lee Rocker

Dead's man kinfolk tracking me down  
Judge and the jury waiting in the town  
Footprints on the river bank  
Cover up my trail  
Ain't no way I'm gonna spend another night in jail  
Runnin' from the hounds

Flash lights, flash floods  
Never will be found  
Hiding in the marshes  
Runnin' from the hounds

Just like a shootout from the wild, wild west  
Bullets fly right by, I can't stop to rest  
Running from the pouring rain  
Breathing hard and fast  
Must be catching up to me  
I head a shotgun blast  
Runnin' from the hounds

Flash lights, flash floods  
Never will be found  
Hiding in the marshes  
Runnin' from the hounds  
Runnin' from the hounds

Juke joint justice, Louisiana law  
Swamp land, understand  
I can't take no more  
Sheriff on the radio  
Calling to his boys  
Heading for the interstate  
Hear the city noise  
Runnin' from the hounds

Flash lights, flash floods  
Never will be found  
Hiding in the marshes  
Runnin' from the hounds
