

Sold Us Down The River

Lee Rocker

Sold us down the river
Sold us down the river

To many people, dyin in the sand
To many people, want to hear a marching band
To many people, listen to the lies
To many people, getting set up just to die
Well the night's so dark and the cold it makes me
shiver
Well they sold us down the river

Well to many people must be sleepin at the wheel
Sold us down the river
To many people want to run a dirty deal
Sold us down the river
To many people are just lookin for a buck
Sold us down the river
To many people just don't care enough
Sold us down the river
Well the night's so dark and the cold it makes me
shiver
Well they sold us down the river

Sold us down the river
Sold us down the river

To many people don't stop and ask why
To many people getting set up just to die
To many people believe what there told
To many people never get to grow old
Well the night's so dark and the cold it makes me
shiver
Well they sold us down the river
Sold us down the river
Sold us down the river

We need a change, we need it fast
Sold us down the river
We got a chance but the time is blowin past
Sold us down the river
We gotta speak and, they gotta hear
Sold us down the river
Well the time is getting right and the time is getting
near
Sould us down the river
Well the night so dark and the cold it makes me shiver
Well they sold us down the river

[illegible]

Sold us down the river
