

# Real Love

Lee Ryan

Ooh, oh  
Ooh, yeah

Some people find it hard to see  
Oh, yes they do  
But every time you look at me  
No doubt about it  
You and me we've got

Real love can't stop it now  
Real love can't hold it down  
Real love if I needed to I'd give it all up for  
Real love don't ask for more  
Real love I'm livin' for  
Real love, oh, oh  
If you feel love, put your hands together like this yo  
Put your hands together like this yo

The way that I feel about you girl  
I wouldn't trade it  
For all of the money in the world  
'Cause I can feel it  
You and me we've got

Real love can't stop it now  
Real love can't hold it down  
Real love if I needed to I'd give it all up for  
Real love don't ask for more  
Real love I'm livin' for  
Real love, oh, oh  
If you feel love put your hands together like this yo  
Put your hands together like this yo

Now I wake up in the morning and feel you next to me  
You know I'm blessed from above  
'Cause it's all so clear to see that I got real love  
Yes, I got real love, oh, yeah, yeah

Real love can't stop it now  
Real love can't hold it down  
Real love if I needed to I'd give it all up for  
Real love don't ask for more  
Real love I'm livin' for  
Real love, oh, oh  
If you feel love

The love I got for my people  
The love I got for my family  
The love I got for my music  
The love I got for you

This is real love  
Oh, this is real love  
If you feel love  
Put your hands together like this yo  
Put your hands together like this yo  
Put your hands together like this yo

Put your hands together like this yo
