

# When I Think of You

Lee Ryan

You're my past, my future, my all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns, my ups, my downs  
It's the feeling that you get  
When you know that something's true  
When I think of love, I think of you

I'm looking at you while you're sleeping here beside me  
Oh, mere words can't explain the love I have inside  
It's more than just a physical thing  
I know something like spiritual connection  
I feel it in my soul, heart and mind

The sweetest thing is what you are  
From you I'll never be too far  
Please say, forever you will stay beside me

You're my past, my future, my all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns, my ups, my downs  
It's the feeling that you get  
When you know that something's true  
When I think of love, I think of you

You're beautiful like the colors of the rainbow  
Warm hearted like the rays of the sun on a summer's day  
And all I gotta do is look into your eyes to lose myself  
You're the substance of my dreams, epitomy of woman  
The only one I truly call mine

The sweetest thing is what you are  
From you I'll never be too far  
Please say, forever you will stay beside me

'Cause you're my past, my future, my all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns, my ups, my downs  
It's the feeling that you get  
When you know that something's true  
When I think of love, I think of you

When I think of love, I think of you  
Baby, I love you and I need you

You're my past, my future, my all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns, my ups, my downs  
It's the feeling that you get  
When you know that something's true  
When I think of love, I think of you
