

Falling For You

Leeland

A childlike love I had
When we first began
We ran and I fell behind
I've been stuck here all this time

You waited like a lover
Who couldn't let go of his bride
I turned my back away from You
Didn't shed a tear or cry

But I'm falling for You now
I'm coming back to the place where we parted
It's for real this time
So I'll be here waiting where we started

My feet were bruised
I tried but I couldn't fill Your shoes
I went my way, I bought the lie
That I was all grown up, didn't need You in my life

The winter left me cold and frozen
Looking for the truth
But searching for the sun
I found the place where I met You

And I'm falling for You now
I'm coming back to the place where we parted
It's for real this time
So I'll be here waiting where we started

It feels so good to be in Your arms
You never left me, I just chose to stay behind
I want to thank You for Your love that gives me freedom
To run back, to come back

Falling for You now
I'm coming back to the place where we parted
I keep on falling, I keep on falling
And it's for real this time
So I'll be here waiting where we started
