

Learn To Love

Leeland

We're living to fast
Caught up in satisfaction
We're missing so much
Don't even know we're disconnected

But Where is the love that makes us stronger
Binds the hearts of every color
In the end we are all God's children
We gotta Learn To Love

Need action for resolution
We need a revolution
Need to come close to each other
one love of sisters and brother

But Where is the love that makes us stronger
Binds the hearts of every color
In the end we are all God's children
We gotta Learn To

Pray for each other
stand in together
we'll see his kingdom come
shinning like the sun
Something is stirring
A new day is calling
Jesus Is the king
We lift our voice and sing

But Where is the love that makes us stronger
Binds the hearts of every color
In the end we are all God's children
We gotta Learn To Love

In the end we are all God's children
We gotta Learn To Love

We gotta Learn to Love
