

Lift Your Eyes Up

Leeland

It feels like your world's crashing down
And solid ground is hard to be found
Feels like the walls are closing in
And night has fallen
And the sun is gone
Your heart is right
You need some time to find God

Come on, come on
Lift your eyes up, lift your eyes up to the hills

Even as the testing fire
God supplies every need in your life
And He'll come like the morning star
And wipe away your heart's fears
And the dark will fall
And light will shine
It's all all right with God here

Come on, come on
Lift your eyes up, lift your eyes up to the hills

Come on, come on
Lift your eyes up, lift your eyes up to the hills

Yeah, the sun will shine
It's a holy day, it's a brighter day for you
The sun, it will shine
It's a holy day, it's a brighter day for you

Come on, come on
Lift your eyes up

Come on, come on
Come on, come on
Come on, come on
Come on, come on, yeah

Come on, come on
Lift your eyes up, lift your eyes up to the hills

Come on, come on
Lift your eyes up, lift your eyes up to the hills
