

May Our Praise

Leeland

May our praise be all that You can hear
From our lives to Your ears, Father

Wondrous King, You are clothed in mystery
Your hands set people free, Father
All pain is over as Your love draws us closer
Your grace goes on forever
So we sing, so we sing

May our praise be all that You can hear
From our lives to Your ears, Father

Every heart should feel the depth of Your mercy
How beautiful is Your healing, Father
And teach us, Lord, to attract You even more
We just want to be where You are
Be where you are, yeah

May our praise be all that You can hear
From our lives to Your ears, Father, yeah

This is our love song to You
Father, our love song to You, Father

We never deserved this never-ending peace
You're a God who protects the weak
So we sing, so we sing

May our praise be all that You can hear
From our lives to Your ears, Father, yeah
May our praise be all that You can hear
From our lives to Your ears, Father
